WORK EXPERIENCE

Junior Software Engineer

Letheio [01/02/2022 – 30/10/2022]

City: Dhaka, Bangladesh

My biggest working experience at Letheio is indeed being a part of designing and implementing websites. I have learned a lot of new things which were unknown to me.

1. Developed some static websites for the company.
2. Implement pixel-perfect UI that matches designs.
3. Work with JavaScript, React, and Tailwind CSS to enhance websites with integrations, APIs, and functionality.
4. Create holistic design solutions that address business, brand, and user requirements.

SEO and Digital Marketing Executive

trioQuad [10/01/2021 – 31/10/2021]

City: Dhaka, Bangladesh

As an SEO and Digital Marketing Executive, my responsibilities were collaborating with my teams to ensure a successful online marketing presence.

1. Research keyword ideas depending on the type of keyword.
2. Develop optimization strategies that increase the company's search engine results rankings.
3. Utilizes A/B testing to improve the conversion rate of website visitors.
4. Optimized paid social, Facebook, and Google ads campaigns by performing A/B and multivariate experiments.
